EDUCATION

JSS University, Noida

B. Tech in Computer Science Engineering (AI & ML) (9.4 SGPA)

Noida, India

2024-2028

Vidyantriksh Senior Secondary School

Passed XIIth (PCM) (Percentage – 90%)

Bhiwani, India

2015- 2023

EXPERIENCE

HackQuest

Remote Nov 2024- June 2026

- Mentored 120+ developers across 3 co-learning camps, onboarding them into Web3. Organized 3 offline events in Delhi and represented HackQuest at 2 Hackathons.

Blender Intern (GauravGo Games)

Remote June-July 2025

- Delivered 10+ production-ready 3D assets (furniture, props, environment models) over 21 days. Selected for extended 3-month project role post-internship.

PROJECTS

- **Data Roots** — Peer-to-peer data marketplace on EduChain where users own, share, and monetize personal data via smart contracts. Eliminates intermediaries using on-chain access control and IPFS storage. [\[Link\]](#).
- **EgoArena** — AI-powered psychological profiling game that generates an immutable Character Card *Card* from 10 brutally honest prompts, scoring users across 5 ego pillars. Cards enter a live arena where the internet votes on who survives real-world moral dilemmas. Global Elo leaderboard. [\[Link\]](#).
- **Profile Auditor** — Tool that cross-references resume claims against live GitHub, LeetCode, and LinkedIn activity to generate a credibility score. Flags inflated skills and inactive accounts. [\[Link\]](#).
- **Hexecute** — Real-time on-chain auto-battler on Monad Testnet. Players stake MON, solve a live coding challenge, and AI grades their code into fighter stats. Smart contract resolves combat deterministically; winner takes the pot. Built in 12 hours.

ACHIEVEMENTS

EDUCHAIN Delhi Regional Hackathon

3rd Prize (100\$)

MSIT, Delhi

March, 2025

- 3rd Prize — Data Roots, a peer-to-peer data marketplace on blockchain using smart contracts and IPFS.

ACPC Algohour 3.0

30th Position

Virtual

August, 2025

- Ranked 30th out of 200+ participants, solving easy, medium, and hard coding problems under timed conditions.

Google Arcade Program

June 2025

- **Champion Rank** — Completed labs across BigQuery, Cloud AI, and core GCP infrastructure on Google Cloud Console.

Google Analytics Certification

January 2026

- Covered data analytics, visualization, Google Ads, and data handling methodologies on google.

Monad Blitz V3 Noida

5th Position (100\$)

Spring Board, Noida

March, 2026

- 5th Position out of 40+ teams — Hexecute, real-time on-chain auto-battler on Monad Testnet.
